

Our refreshed school vision: draft update

Based on all returns received we need 3 elements to be visible or implied in any final vision statement:

1. A focus on togetherness/community/inclusion either implied or visible
2. A focus on wellbeing/agreed values either implied or visible
3. A focus on learning either implied or visible

On the next couple of pages, we set out some vision exemplars (definitely not exhaustive but gives you an idea, but do they reflect the returns?), the 4 most popular school values chosen and a slight refresh on our current school rules to take into account a desire for 'safety' that came through especially in parental returns. Varying styles and designs are also used as examples, again to give an indication of what a final look' could be. Vision, core values and core rules will all be part of a refreshed improvement priority for next session.

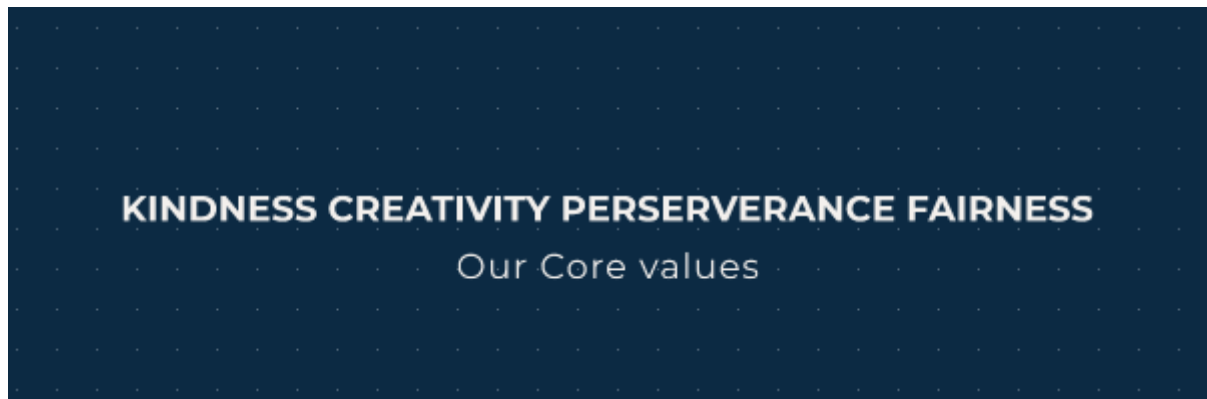

Our Core Values

Kindness

Creativity

Perserverance

Fairness

Our Core Rules (3RS)

Respect

Ready

Responsible

Safe
