S1 Home Learning Task - Term 2

In class, you have been discussing the impact and using Design Elements (Colour & Shape) and Design Principles (Alignment, Unity and Contrast) to create different forms of DTP.

Use this knowledge and complete the table below to analyse different graphic design around your home, this could be anything from posters, food packaging, album artwork etc

Use the space to give an image or quick sketch of your graphic design below.	What Element / Principle has the designer used? How have they used to make the design more interesting?	What Element / Principle has the designer used? How have they used to make the design more interesting?
