

Summary of feedback received from S3 Parents' Evening 29.1.25

General Overview of Online Parents' Evening Feedback

The feedback from parents regarding the online parents' evening highlights both positive aspects and areas for improvement. Below is a summary of the key themes that emerged:

Positive Aspects:

1. **Convenience & Flexibility** – Many parents appreciated the ability to attend from home, avoiding travel and fitting the meetings around their schedules.
2. **Privacy & Efficiency** – Several respondents noted that online meetings allowed for private discussions without being overheard by others.
3. **Teacher Preparedness** – Many found teachers to be well-informed about their child's progress and appreciated the depth of discussion.
4. **Accessibility While Traveling** – A few parents mentioned being able to join even while commuting, which would not be possible with an in-person format.

Areas for Improvement:

1. **Technical Issues** – A small number of parents experienced problems such as sound failures, video freezing, and disconnections.
2. **Short Appointment Duration** – Some parents felt that 5 minutes was too short, especially for discussions about subject choices or detailed feedback. Several suggested extending the time.
3. **Booking Difficulties** – Some parents struggled to secure appointments, particularly if they were not able to book immediately when slots opened.

Overall Sentiment:

The online format was seen as very beneficial by most in terms of convenience, efficiency, and privacy, although technical issues and time constraints were an issue for some.

Commented [GA1]: This is outwith our direct control. If apt has been missed please contact your child's House head who can gather information for you.

Commented [GA2]: Increase in apt times would alleviate comments raised in point 2. but would then cause an increase in frustration around point 3. 6 minutes are offered in Senior Phase. Further conversations with your child's House Head around course choice is also available if required
